Configuration of privacy tools

This describes how tracking tools and consent management solutions were configured at the time of visitor's consent

Consent banner

<p>Setup information</p>	<ul style="list-style-type: none"> • Consent banner uses strict, automatic setup mode - it chooses the correct mode of work depending on visitor's location. Strict mode is intended for websites that use visitor's data for marketing purposes and / or collect sensitive information. • Opt-in mode is used for visitors from: AT, BE, BG, CY, CZ, DE, DK, ES, EE, FI, FR, GB, GR, HR, HU, IE, IS, IT, LI, LT, LU, LV, MT, NG, NL, NO, PL, PT, RO, SK, SI, SE, MX, GP, GF, MQ, YT, RE, MF, IC, AR, BR, TR, SG, ZA, AU, CA, CL, CN, CO, HK, IN, ID, JP, MA, RU, KR, CH, TW, TH. • Opt-out mode is used for visitors from: US (CA), KZ. • Visitors from other countries are notified that they are tracked. • Fallback mode when no location is found: Opt-in mode. • Visitors are asked for consent again, when the privacy policy text changes or when tracking modules are enabled. • Visitors who want to change their tracking preferences can do it in the consent banner which shows after they click an icon in the corner of the screen
<p>Consent banner texts</p>	<ul style="list-style-type: none"> • agree_to_all_cookies_button - Agree • agree_to_selected_button - Agree to selected • cookie_settings_button - Options • decline_button - Decline • i_understand_button - Rozumiem • marketing_cookies_descr - I want to see ads with your offers, coupons and exclusive deals rather than random ads from other advertisers. • marketing_cookies_headline - Marketing • necessary_cookies_descr - • necessary_cookies_headline - • notification_headline - We care about privacy • notification_main_descr - We use cookies to provide you with the best browsing experience, personalize content of our site, analyse its traffic and show you relevant ads. See our privacy policy for more information.

	<ul style="list-style-type: none"> • personalisation_cookies_headline - Personalisation • personalisation_cookies_descr - I want to have the best experience on this site so I agree to saving my choices, recommending things I may like and modifying the site to my liking • return_button - Return • statistics_cookies_descr - I want to help you make this site better so I will provide you with data about my use of this site. • statistics_cookies_headline - Statistics
--	---

Custom scripts

<p>Setup</p>	<ul style="list-style-type: none"> • WP Full Picture loads a script: "Head script - custom 1". It is set to require consents for statistics and personalisation and loads according to consent banner settings. • WP Full Picture loads a script: "Script footer_2". It is set to require consents for statistics and personalisation but it is force-loaded before visitors can make their choices. • WP Full Picture loads a script: "Script footer_3". The script loads without waiting for tracking consents.
---------------------	--

Meta Pixel

<p>Setup</p>	<ul style="list-style-type: none"> • This tool loads according to consent banner settings.
<p>Tracked extra information</p>	<ul style="list-style-type: none"> • Advanced Match is enabled. Encrypted addresses, email addresses, phone numbers and user identifiers of your visitors and logged in users are sent to Meta (if known). • Limited Data Use option is enabled for visitors from the USA.

Microsoft Clarity

Setup	<ul style="list-style-type: none"> MS Clarity works in no-cookie mode and loads irrespective of user tracking consents. This prevents from MS Clarity from tracking identifiable information before users agree to tracking in the consent banner (if enabled). Only necessary cookies are loaded.
-------	---

Privacy policy extras

Setup	<ul style="list-style-type: none"> These additional tracking tools are used on the website: some name, Another tool, and another
-------	---

Tracking tools manager

Setup	<ul style="list-style-type: none"> Tracking plugins loaded according to settings in the consent banner: woo sbjs Tracking tool with content="developer_id.dOGY3NW" and title/ID "Google for WooCommerce" is marked as using visitor's data for statistics, marketing, personalisation. The tool is loaded according to consent banner settings
-------	--

WooCommerce tracking

Setup	<ul style="list-style-type: none"> SourceBuster script is loaded according to the consent banner settings
-------	--

Google Analytics

Setup	<ul style="list-style-type: none"> This tool loads according to consent banner settings.
Tracked extra information	<ul style="list-style-type: none"> Order ID

Matomo

Setup	<ul style="list-style-type: none"> Matomo works in privacy mode and loads irrespective of user tracking consents. Privacy mode prevents from tracking identifiable information before users agree to tracking in the consent banner (if enabled). Only necessary cookies are loaded, user IDs are not used for cross-browser tracking and order IDs are randomized.
Tracked extra information	<ul style="list-style-type: none"> User ID - for cross-browser tracking. Real order ID is tracked when visitors agree to tracking in a consent banner. Random order ID is sent when they don't.

Iframes manager

Setup	<ul style="list-style-type: none"> Iframes loaded by youtube and vimeo are loaded according to consent banner settings (require consents for statistics and marketing) or when visitors agree to privacy policies of content hosts. Iframes loaded by dailymotion.com are loaded according to consent banner settings (require consents for statistics, marketing, personalisation) or when visitors agree to privacy policies of content hosts.

Media

Suggested text: If you upload images to the website, you should avoid uploading images with embedded location data (EXIF GPS) included. Visitors to the website can download and extract any location data from images on the website.

Cookies

Suggested text: If you leave a comment on our site you may opt-in to saving your name, email address and website in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.

If you visit our login page, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser.

When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select Remember Me, your login will persist for two weeks. If you log out of your account, the login cookies will be removed.

If you edit or publish an article, an additional cookie will be saved in your browser. This cookie includes no personal data and simply indicates the post ID of the article you just edited. It expires after 1 day.
